The Saint Paul Police Department Professional Development Institute is sponsoring a two-week course in motorcycle operator training. This intensive program will develop the coordination, skill, and confidence necessary for the student to operate a police motorcycle safely and efficiently. The course will cover the following: machine nomenclature (Harley Davidson or Kawasaki), slow maneuvering, control braking, curve negotiation, defensive driving techniques, law enforcement techniques, and on/off road driving. Students will need to bring their department owned motorcycle helmet, eye protection, gloves (not fingerless), over the ankle boots. Upon successful completion, the students will be fully prepared for on-the-job training with their own department. **Participants must have motorcycle endorsement or permit.**
